

CLIMATE EMERGENCY

a cyczine from

Cycling Campaign for North Bedfordshire

Issue 3 – October 2021

**The Greatest
Threat to our Planet
is**

**‘The Belief
that someone else
will save it’**

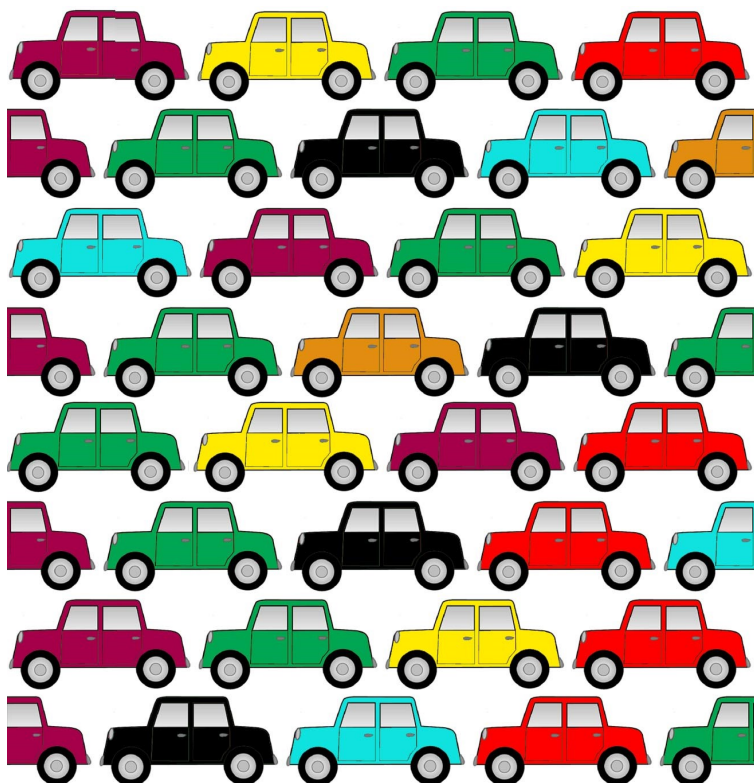

**Everyone MUST do their
bit NOW no matter how
small**

By 2030 it will be too late

In Bedford Borough 41% of total carbon dioxide emissions, the main gas responsible for global warming, come from

TRANSPORT

This is a 10% increase from 2011 to 2019

The national average for transport is 27%

**The Use of
Motor Vehicles
for short journeys has to
be curbed wherever
possible and sustainable
modes used instead**

Walking
Cycling
Public Transport

**Reducing
traffic within urban area
will also reduce**

Air Pollution

**responsible for
numerous health
problems and
premature deaths of
more than
70 Bedford Borough
residents each year**

Transport Pollution

All vehicle types

Petrol/diesel types

Cycling Campaign for North Bedfordshire

Our Vision

To see Bedford as a

‘Town of Cyclists’ & ‘Cycle Friendly Communities’

Objectives

- ♦ To promote, encourage and support cycling as an important means of transport and recreation
- ♦ To encourage consideration of the needs of cyclists in all aspects of transport planning and management, access issues and recreational use.
